Effective 1st September 2026

Illustrative Example

Example based on trading a EUR Inflation bond under 1 year with a total volume of Eur 100,000,000.00 Table 2 shows how the total cost for this trade is calculated based on this volume.

| Volume             | Rate                              | Cost         |
|--------------------|-----------------------------------|--------------|
| EUR 100,000,000.00 | 15 EUR per million EUR transacted | EUR 1,500.00 |
| Total cost         |                                   | EUR 1,500.00 |

Summary of costs & charges based on a notional amount of EUR 100,000,000.00

| Cost Category                                                                                                             | Cost Item           | Cost expressed Percentage | Cost expressed as Cash Amount |
|---------------------------------------------------------------------------------------------------------------------------|---------------------|---------------------------|-------------------------------|

We may add VAT, sales taxes, duties, levies or similar charges to the rates set out above as required by law. All payments should be made by wire transfer. Any payments made by cheque will be subject to an administrative charge. Save where agreed to by GFI in writing these rates do not apply to any division, business unit or entity which is acquired by the BGC Group after the date hereof.
